How to use the law to protect your money-making ideas.

PAUL BRENNAN

AUTHOR OF "THE LAW IS AN ASS
MAKE SURE IT DOESN'T BITE YOURS"

Everybody wants to think of a great idea that will make them rich.

It doesn't even need to be your idea. Using intellectual property ("IP") law you can cheaply protect your ideas or gain ownership of other people's ideas and then use your business skills to make a killing.

By focusing on the IP legal advice that his SME clients have been willing to pay for, lawyer PAUL BRENNAN, a post graduate in international IP law, will tell you simply how to make IP work for you.
